

## Provisional programme

# Verifying nuclear disarmament: the UN GGE

Monday 27 – Wednesday 29 March 2023 | WP3127

To be held in Montreux, Switzerland

This invitation-only conference will be an opportunity for members of the GGE on nuclear disarmament verification to meet informally and assist the chair in producing an initial draft of the group's report for its final meeting in May. Each session will focus on one section of the report and explore options for describing the work of the GGE, inviting feedback from the group, identifying areas of consensus, and finding possible recommendations.

In association with the UK Foreign, Commonwealth and Development Office and the Norwegian Ministry of Foreign Affairs.

#### Monday 27 March

Participants arrive and buffet lunch available (Le Salon Bellagio). Check-in is at 1500 (earlier subject to room availability)

1500-1515 Welcome and introduction – Salons Renaissance

**Mark Smith** 

Senior Programme Director, Wilton Park

1515-1645 **1. Introduction** 

This session will introduce and recap the mandate of the Group, emphasising the relationship with the first GGE, and introduce an informal report draft.

Jørn Osmundsen

Special Envoy for Disarmament Affairs, Ministry of Foreign Affairs, Oslo

1645-1730 Photograph followed by tea/coffee

1730-1900 2. General considerations

This section will outline general and cross-cutting considerations.

1900 Reception (Sinatra's Bar)

1930 Dinner (le Salon Bellagio)

#### **Tuesday 28 March**

**0800-0900** Breakfa

Breakfast (Le Salon Bellagio)

0915-1045 3. Conceptual issues I – Salons Renaissance

This session will introduce some of the conceptual issues of nuclear disarmament verification, including discussion on primary and other objectives; political and technical elements; components for a working definition; and the scope of NDV.

**1045-1115** Tea/coffee – Foyer

4. Conceptual issues II – Salons Renaissance

This session will address explored and unexplored areas of NDV, the potential value of 'breaking down' the problem into measures and contexts that might need NDV activities, and a non-exhaustive list of possible tools and methods.

1300-1400 Lunch – le Salon Bellagio

**1400-1500** Free time

5. Capacity building on nuclear disarmament verification – Salons Renaissance

This session will address the principles of capacity building, the value of regional approaches, mechanisms to support the sustainability of capacity-building activities, the value of exercises and the concept of a trust fund.

**1630-1700** Tea/coffee - Foyer

1700-1830 6. The concept of a group of scientific and technical experts (GSTE)

This session will explore and interrogate the concept of a GSTE on nuclear disarmament verification, its potential merits and benefits, mandate, location, composition, and interlinkages with relevant bodies for nuclear disarmament.

1900 Reception (Sinatra's Bar)

1930 Dinner (le Salon Bellagio)

#### Wednesday 29 March

**0800-0900** Breakfast and checkout – le Salon Bellagio (check out by 1200)

0915-1045 7. Issues to be further developed – Salons Renaissance

This session will offer an opportunity for participants to raise aspects and issues not discussed by the Group but identified as valuable for future deliberations and progress on NDV.

**1045-1115** Tea/coffee - Foyer

1115-1125 8. Evaluation survey – Salons Renaissance

Completion of online survey

### 9. Conclusions and recommendations

This session will recapitulate the outcomes of the discussions and consider how work on the first report can be taken forward and further refined.

1300 Lunch – le Salon Bellagio

1400 Participants depart

This is a preview programme and as such may be subject to change.

This is an invitation only conference.
